

Silent Air Purifier with Germicidal Protection

MHI-6100

No noise
No maintenance
No Filters

*Like clean water,
clean air is essential to our overall well being...*

Ionic Air-cleaning Technology with Built-in UV Lamp

Eliminates virtually all types of airborne viruses, mold spores and bacteria that enter the unit.

Clean Fresh Air

Introduces trillions of negative ions into the air with its 25 pin negative ion generator to give you clean breathing air, and even neutralizes household odours.

No Filters to Replace

Utilizes permanent stainless steel electrostatic collection blades.

Easy Maintenance

Simply slide out the collection blades and wipe clean with just tap water.

Energy Saving

Operates 24 hours a day on just 8 watts!

life gets better!
